

ABOUT US

Yang Enterprises, Inc. (YEI) is a high-technology, woman-owned company that is financially secure, debt-free, and successful in meeting its objectives. Our staff is skilled in providing top-quality services and products in support of NASA, the Department of Defense, and other Federal, State, and local agencies as well as Fortune 500 companies. We are founded on a solid base of core values and dedicated to quality, integrity, and commitment.

YEI CORE SERVICES

YEI's core services are:

- Facilities Operations and Maintenance (O&M)
- Logistics
- Engineering
- Architecture and Engineering (A&E) Design
- Information Technology (IT)

YEI successfully integrates the skills and knowledge of both Applied Engineering and IT. Our engineers understand the IT aspects of each project, and our IT personnel understand the engineering considerations. In addition to technical expertise in engineering and IT sciences, we provide competent project management consulting, technical review, and on-site field support services for each discipline.

For each project, YEI becomes a partner in our customers' endeavors. By seamlessly working together, we successfully implement technical and management solutions that enable our customers to keep pace with their evolving needs and technological growth. As a result, our customers can focus on and achieve their primary objectives.
